Cancellation PIARC September 2021 Sprint

As a result of the Department of Health and Human Services (DHHS) restricted activity directions effective 2nd September 2021, related to the curfew in Metropolitan Melbourne, Phillip Island Auto Racing Club Limited along with Phillip Island Circuit Operations has taken the decision to cancel our 2021 September Sprint.

We wish to thank our competitors, crew members, officials and organizing committee for the time invested in the build up to the event. We would like to acknowledge Phillip Island Circuit Operations and Motorsport Australia for their assistance and support as we continue to adapt to the constantly changing landscape.

Competitors who have applied and paid via Motorsport Australia Event Entry can request a refund of their entry fees which will be processed within two days of receipt of their banking details.

Please contact our Event Secretary for assistance in the refund process.

Our focus now turns to our November events:

13th & 14th November - Phillip Island Super Sprint

The event will include the National Festival of Superkarts and Sprints on Saturday & Sunday..

26th November – Friday Private Practice

An opportunity for Island Magic competitors to “get their eye in” prior to the event

27th & 28th November – Island Magic

Categories for this event are under review, as there are a few potential clashes in November, however the two-day meeting will continue with the same format with Qualifying on Saturday morning and races over the balance of the weekend.

Thank you all for the support and understanding during this challenging period. We look forward to seeing you at the Island once we are clear of the covid constraints.

Yours in Motorsport

Warren Reid

President - Phillip Island Auto Racing Club.
